Dear Henry:

Underwriting of Hypercholesterolemia

You may recall that we met at the St. Boniface Hospital when you were a guest contributor on our program on coronary heart disease.

After many years in clinical cardiology, I have entered the insurance industry. I find it most interesting.

I have recently read several of your papers on the above topic but they are all of the vintage 1964-1967. I wonder if you have anything more recent that would guide us in developing a program for underwriting hyperlipidemias.

Thank you in anticipation of any help you may be able to give us.

Yours sincerely

R. E. Beamish M.D.
