Dear Chuck:

Because I have been away from the office, I have not been able to respond to your October 15 memorandum on the subject of "Appointment of a MRFIT Membership Committee," as you had requested me to do by October 31, 1974. Even though the deadline you had imposed is passed, I wish, nevertheless, to register my opposition to the entire issue, and the manner by which it was handled during the last meeting of the Steering Committee in Chicago. I, therefore, feel it inappropriate for me to comment one way or another on Dr. Paul's nomination for the Membership Committee.

Best personal regards.

Sincerely yours,

Nemat O. Borhani, M.D.
