The following problems were discussed with Alden Smith last week and progress to date is included as of June 8th:

PROGRESS/COMPLETION DATE

1. Ventilation bad in Room 62.
2. Ceiling tiles in Luepker's room need replacement.
3. Water at west end of building after long periods of rain.
4. Step built outside door to walkway to Gate #20.
5. Faucet to be adjusted to stay on.
6. Locks need to be fixed in folding gates.
7. Lock to be changed on Gate #20 & West Gate #20.
8. Typewriters to be bolted to secretary's desks.
9. Sheet metal picked up in concourse.
10. Exhaust fan quieted in Room 60, next to 52-F.
11. Conference rooms to be quieted!!!

*Yes. Still unacceptable.*

ADDITIONAL PROBLEMS:

1. Ventilation in Room 51-Korbelik's room.
2. Front door painted-Is it included in spec's?
