CORRES: ARAVANIS

October 3, 1980

Dr. Christ Aravanis  
47 Vasilissis Sophias  
Athens, GREECE

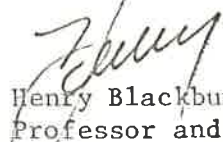

Dear Christ:

I am very grateful for the CANEA Program. It looks very interesting. I also appreciated the postcard from Samaria. I would love to see copies of the papers of Corcondillas and Miras and Carmena if there were any.

I have been touched with the mystique of olive oil since visiting the former boyfriend of my Corfu Theotoki family and seeing the marvelous quality of his oil which required only filtration through cotton - no other treatment. I really should have come to Canea to gain more knowledge about this marvelous food.

I look forward to seeing you at the end of this month.

Cordially,

  
Henry Blackburn, M.D.  
Professor and Director

HB:jml

P.S. I will try to get you printouts of all your data. All 7 Countries investigators should have them.
