Dear Henry:

Before leaving for vacation, I would like to confirm our appointment at the Stadium at 9:00 a.m. on August 20. I hope that Dr. Prineas will also be available. You would do me a favor if you could arrange for me a meeting with Dr. Tobian to take place either jointly or after our meeting since he too is being considered for that symposium.

*Prineas  
8/10/76*

With warm regards from house to house

Cordially yours,

*Chris*

Christian R. Klimt, M.D., Dr. P.H.  
Professor and Director

*Ron -  
please arrange  
for end of  
morning.  
We're having  
lunch at  
my place.*

CRK/rh

P.S. I am just coming from a lengthy meeting with the FDA auditors. One item of interest to you is that they want copies of the ECG tracings for all patients who died and 21 representing the living (baseline ECGs). They intend to have these re-read according to the Minnesota code and compare it with the published readings. You can of course imagine why they want to do that.

*A. Fenick  
I think is  
personally directing  
the investigation.*
