Dear Abe,

Many thanks to you and the committee for giving me the honor and opportunity to present the Thomas Francis, Jr. Memorial Lecture this year. A good time was had by all. Eventually I'll get you a copy of my ramblings.

I'm delighted to hear that you're traveling again and will make it to Chicago. I guess I will have to be in the Anaheim picture, as the AHA-APHA meetings totally overlap this year.

Again, many thanks and best wishes.

Regards,

Henry Blackburn, M.D.
