Dear Mac:M

It was good to get a glimpse of things at home, including your distinguished new look!

I decided against getting Wild Bill to play for the Heart Association in Atlantic City. I like to listen to, but not deal with madmen. Got a very good band together in the old Shelburne and we turned on 800 docs and wives who came expecting a dull party.

The Heart Association doctors were specially good to us. Would you send a copy of George Lewis plays hymns, or the best recording of New Orleans jazz you've got on hand, to

Dr. Campbell Moses

also to:

Dr. Kenneth Lane  
American Heart Association

Thanks,

Henry Blackburn, M.D.
