Utrecht, NETHERLANDS

Dear Frits:

The enclosed obituary of Ernst Simonson may be published in the proceedings of the Wiesbaden International Congress on Electrocardiology.

I don't know how you feel about such matters. Where does one draw the line in publishing obituaries? But of course, Ernst was a legend and a distinguished scientist and cardiographer.

I you are interested and should wish a photograph I can find one I'm sure.

Cordially,

Henry Blackburn, M.D.
