Dear Felix:

Many thanks fo you and your emissary for the tape. There were some better sounds there than I recalled.

I assembled the enclosed band (with Woody Allen) for the New Orleans Jazz Festival. It was a sweet outdoors sound.

Since, we have had Cottrell's Trio here, for a session in the backyard, and I played four days, including a wedding with the New Orleans Rascals of Osaka, Japan.

But once a month is hardly enough!

Thanks much,

Henry Blackburn, M.D.
