Dear Henry:

Thank you for yours of December 14th calling attention to Bob Levy's request to form a small advisory group in the field of prevention. If your intent was to ask about my interest in such a group, then in spite of my over extended schedule, I would find it impossible to refuse to serve. I believe the membership and Executive Committee of the AHA Council on Epidemiology provide a rich resource for recruiting members to such a group. And in any case I would be more than happy to leave the choice of membership in your capable hands.

We had some fun in Atlantic City. Let's do it again soon.
Warm personal regards.

Sincerely,

A handwritten signature in cursive script that reads "Richard D. Remington".
