Dear Henry,

Why haven't those bastards printed our letter?
Would they dare suppress it?

Send any new Butch Thompson records; I'll send
check.

Want to meet us in New Orleans in February or
March?

The N.I.H. is a nice place to work.

PL
~~Please order 5 new Ball
Bros. + 2 new Butch T.
records from the
over.~~

San Paul

The JAMT said they
would print the letter
with satire, minus sarcasm,
ie. emasculated.

and speaking of the latter,
she's been ill 6 weeks with
prostatitis, non-specific, which
hangs on, ~~gickeningly~~ painful,
threatening depression. Can't
even consider New Orleans
with gusto.

Presumably
it won't last forever - but
don't ever let any urologist
"massage" you, even for
diagnostic purposes. The bastards.

Totally unable to decide
on U.I.H. for the moment.

Dear Paul:

The JAMA said they would print the letter with satire, minus sarcasm,
i.e. emasculated.

And speaking of the latter, I've been ill six weeks with prostatitis, non-specific,
which hangs on, sickeningly painful, threatening, depressing. Can't even
consider New Orleans with gusto. Presumably it won't last forever--but
don't ever let any urologist "massage" you, even for diagnostic purposes. The
bastards.

Totally unable to decide on NIH for the moment.

Butch record enroute.

Henry Blackburn, M.D.
