Dr. Geoffrey A. Rose
London School of Hygiene & Tropical Medicine
Department of Medical Statistics & Epidemiology
Keppel Street (Gower Street)
London, W. C. 1, England

Dear Geoffrey:

Please give the W. H. O. manual as reference.

Count on a minimum consultation fee of \$50.00 per day
and don't fail to include us in your February itinerary.

Notify Fred Epstein of your coming.

Sorry to have missed you last trip.

This first draft on ECG age trends has a gross deficiency
in sampling, and will have added the differences in blood
pressure and weight distribution.

However, could you comment on it overall?

Cordially,

Henry Blackburn, M. D.
