Dear Henry:

Thank you very much for your letter. You are correct in assuming that Charlie Friedberg's death has created a problem for the Publications Committee. I assure you that the gentleman mentioned in your letter is already on our list, and your appraisal will certainly be of great help to us when we come to making the selection. I thank you for taking the time to write this letter and help us with our difficult task.

Sincerely yours,

*Dr. Ross*
