Dear Jerry:

I enclose a copy of the straightforward thesis of Doug Thorsen. I am, of course, preparing this for publication with Ancel and colleagues. Doug will be applying to you for part time work on your return to Chicago, and has already set up his apartment close by the school. I hope that you will keep him 'in the family' and that someday he'll join us again, or at least maintain his interest in preventive medicine.

Cordially,

Henry Blackburn  
Professor and Director
