Jeremiah Stamler, M.D.  
Northwestern University Medical School  
Room 9-105  
303 East Chicago Avenue  
Chicago, Illinois 60611

Dear Jerry:

The AHA have me tagged for the Science Writers Forum in January. My charge will be the controversies surrounding prevention. Is it conceivable for us to consider spending a goodly chunk of time together in Chicago on Sunday, January 21 for me to discuss the deficiencies in my arguments earlier sent you (the manuscript for Progress in Cardiology) and a number of other arguments in which I would greatly value your views.

Cordially,

Henry Blackburn, M.D.  
Professor and Director

*Don, did Kannel accept? Are things moving?  
Did we recontact Farrel Adams?*
