Dear Henry:

It pleases me to inform you that at the meetings last weekend, it was unanimously agreed to designate the Steering Committee as the main continuing body of the CDP-CDPA to carry out the remaining functions of these studies, principally the writing of papers. You were unanimously elected to the Steering Committee, with the thought in everyone's mind that you really had been a part of it all along, despite the brief period during which your resignation held sway.

I look forward very much to our working together on these matters.

All the best.

Cordially,

Jeremiah Stamler, M.D.

JS/nd
