School of Public Health
Stadium Gate #27
Minneapolis, Minnesota 55455

Dear Henry:

Thanks for sending me a copy of your letter to Dr. H. Toshima in Japan. I certainly agree with your thought on fellowships there for work in preventive cardiology here. We of course would be pleased to work with you and them on this.

It was useful also having the report with the listing of the many fine activities of the laboratory under your leadership.

All the best.

Cordially,

Jeremiah Stamler, M.D.
