Dear Jerry:

This is in response to your February 7th indication of my nomination to rejoin the full activities of the Coronary Drug Project and CDPA to carry out its remaining functions. I accept with pleasure and promise to serve more faithfully than I have been able to do in the past year.

My present state of health is still such that I am not able to travel comfortably or safely and though I will do my best to make the early March meeting, I hope you will allow me to delegate either Dr. Prineas or Dr. Jacobs to assume this function at the first meeting. Of course I will be there if my back shows more rapid improvement than it presently presents.

Cordially,

A handwritten signature in cursive script, appearing to read 'Henry Blackburn'.

Henry Blackburn, M.D.
