Laboratory of Physiological Hygiene

School of Public Health
Minneapolis Campus

Dear Henry:

Forgive my tardiness in responding to your kind letter of May 17 in which you agreed to accept the directorship of the Laboratory of Physiological Hygiene. Needless to say, I am delighted. I am also delighted with your apparent success in your recent grant proposal. I hope that this is symptomatic of continued success in this area.

I look forward to working with you and to extending the influence of the Lab into the Public Health activities of the School.

Very truly yours,
