Dear Henry,

Thank you for your letter of 28th January and reprint of "Chapter 1", which I read with great interest and enjoyment.

There is some talk of up-dating and rehashing bits from "Trends" in paper-back form. In this event, would you be willing to rewrite your own essay in the light of developments since 1970, making the final product the same length or slightly shorter? Your style, experience and good name would go down very well in such a publication.

Kind regards,

Yours sincerely,

*Gordon*
