Ms. Ann Stock  
Office of the Honorable Walter Mondale  
Winston and Strawn  
25 M Street N.W., Suite 500  
Washington, D.C. 20037

Dear Ms. Stock:

This is to confirm Mr. Mondale's accepting the Gaylord Anderson Award of the University of Minnesota School of Public Health and to acknowledge your current attempts to fit it in his schedule. The spring of 1983, at the time of his teaching commitment here, would be excellent for our purposes.

The Honors Committee and the Administration of the School and the Administration of the University are therefore delighted with this positive response and look forward to an event which should be mutually profitable and pleasant next Spring.

Cordially,

Henry Blackburn, M.D.  
Professor and Director  
Chairman, Committee on Recognition,  
Awards and Honors

HB/jml
