Dear Henry:

Rita and I returned from Japan on September 8 and I have now been able to turn my attention to the fall schedule. I met with members of the Association of Teachers of Preventive Medicine in Washington last Monday, and they decided that it was necessary to have a meeting in Atlantic City on Friday, November 10th. This would make it necessary for me to travel to Atlantic City through the day of November 9th which would pretty well preclude my being in La Jolla at the time of your visit.

If these are the only convenient days for you then we still want you to come ahead at that time. However, alternative dates would be December 7-9 and November 16-18, in that order of priority. In either case we certainly hope that you can also bring Nelly along too.

I apologize for the confusion. If it doesn't seem that we'll be able to work out a simple solution by mail why don't you give me a ring.

With best regards,

Joe
Joseph Stokes III, M.D.
