SUBJECT: 1968 AHA Scientific Program

Joseph Acker of Knoxville, on the AHA Rehabilitation Committee of the C4P Council has planned the following subjects for a full half-day program on physical activity, with the enthusiastic support of Sam Fox. I volunteered your help on the program.

- 1) New developments in the exercise ECG as a diagnostic lead
- 2) Progress of new primary prevention programs and results
- 3) Progress in reconditioning patients with recent infarcts
- 4) Review of physiologic aspects of exercise
- 5) Review of epidemiology of exercise and heart disease
- 6) Related scientific papers
