Dr. Henry Blackburn
Director, University of Minnesota's Laboratory of
Physiological Hygiene
University of Minnesota Hospitals
P.O. Box 197
412 Union Street S.E.
Minneapolis, Minnesota 55455

Dear Dr. Blackburn,

On October 29 (last year) when I talked with Dean Gault about having a "heart specialist" talk with Inter-Club Council for their noon meeting during "Heart Month" in February '74 ... and Dr. Gault said that Dr. Blackburn was "just the man" ... I had no idea that you were the same man who played a musical instrument in our University Club Amatooters group! It was a delightful surprise to discover this! (If playing musical instruments makes the heart healthy ... you are going to develop a very musical group of Organization Presidents and their Delegates!) (That is what Inter-Club Council of Saint Paul is composed of; the Presidents and representatives of organizations whose activities center around building a better community. We meet once a month, on the last Monday of the month, at the Saint Paul downtown YWCA. Programs last one hour; 12 noon to 1:00 P.M. Members munch while they listen to guest speakers. February Meeting is FEBRUARY 25. As I mentioned to you on the telephone when we talked in October, you and Councilman Rosalie Butler will share the program. She will talk on the need for "heart" in government. The two of you may want to talk together before the program. Her numbers are; home = 226-3891 and office = 298-4646. She is a very dear person.

Details pertaining to the luncheon program will be sent soon. (I'll bet you hope I get a new type-writer ribbon before I send the details so you will be able to read them.) If you cannot make this out, please call me. I am enclosing a program from the January meeting but February will be more focused upon you and Rosalie.

Best Wishes

President
Louise Malott
