Doctor Henry Blackburn
2108 Oliver Avenue
Minneapolis, Minnesota

Dear Doctor Blackburn,

By this time you have no doubt received an "official note" of appreciation from our Corresponding Secretary for your informative and beautifully presented program during Heart Care month. Yet, I want to add my thanks also. It was a privilege for me to be able to introduce you at the meeting and to share the program with you. Your presentation could not have been more articulate, informative, or charming.

Most gratefully,

Laurene Tibbetts
