Dear Dr. Remington:

Enclosed is a copy of the ECG Manual which has been used in the Coronary Drug Project. Dr. Blackburn and I thought that you and Dr. Labarthe might have an interest and suggestions in line with your evaluation of needs for the Hypertension Trial. I am personally very much interested in your nationwide Hypertension Trial. Someday I would like to visit you in Houston.

With my best regards,

Sincerely yours,

Suketami Tominaga, M.D.
Assistant Professor
