Mr. Stefan Trocme
Room 304 Ålidhem
Stipendigränd, 10D
Umeå, Sweden

Dear Stefan:

We were terribly proud and pleased to hear about your beginning medical studies. From what I hear, Umeå is a splendid school. You will be exposed to many new words, many new thoughts, and many new friends, and I'm sure the excitement of this will be almost overwhelming. I can assure you that each year in medicine gets better, during and after school.

Please give my regards to my good friend, Gösta Tibblin, the new professor of social medicine in your school. Keep in touch.

Cordially,

HB:mk
