Charles T. Ireland, Jr.,
President, CBS
51 West 52nd Street
New York, New York 10019

Dear Mr. Ireland:

There are only three weeks before the election. This is the only time the people have left to pressure this administration to stop killing Vietnamese. Is not now the time for a major Vietnam documentary. Show the people again--in the most dramatic way possible--the stupidity of the war. Shock them into outrage at the bombings. Threaten the administration in the only way it can be threatened--by the power of truth.

Sincerely,

Henry Blackburn, M.D.
Professor and Director, and
Professor of Medicine
