This appointment will begin on October 1, 1949, and will continue for a period of twelve months. You will receive 12,000 francs per month with board furnished. It is most important, of course, that you acquire a good knowledge of the French language before you go to Paris.

The information furnished to us concerning your background, training, and ability, has been the basis of our selection, and we know that you will uphold the standards of The American Medical Profession, and do everything in your power to foster good will, both in your professional and in your social contacts.

Will you please notify me, in writing, of your acceptance of this appointment, at the earliest possible date.

Cordially yours,
