Dear Dr. Hegyeli:

Many thanks for the formal invitation of August 27th to join the U.S.-Japan agreement meeting on high blood pressure. The enclosed letter to Dwayne Reed outlines the areas in which I would be happy to participate and I am sure we will have a useful exchange.

I am delighted to hear that you are heading the delegation and we will have the pleasure of your company and direction.

I am enclosing a CV and publications list which does not include my latest summary on the area of diet and hypertension which I also enclose for your files. It was put together for the U.S.-Italian meeting in Rome last year.

Cordially,

Henry Blackburn, M.D.
Professor and Director
