CORAGES - LPH FACULTY

June 7, 1982

TO: LPH Faculty
FROM: Henry Blackburn
SUBJECT: SPH Commencement

Just a reminder that Henry Taylor and I were the only LPH faculty at the School commencement ceremony, which honored him.

I know how precious are Saturdays in Spring, but the School is the "spring" which is responsible for your having a job--and we carry the onus of a unit in the School which "doesn't care". I suspect sometimes the impression is real.
