Dear Professor Blackburn,

Thank you for your note of April 13th with the AHA Committee Report and your comments on the Consortium statement. Certainly, I agree with your comments relative to the saturated fat question and it is unfortunate that this was not discussed in somewhat greater detail in the Consortium statement. I am hopeful that some moderation in public statements by the various groups on this subject might be helpful in providing the public less confusing information than they have received in the past and I am grateful for your comments about the Consortium statement.

With best regards,

Sincerely yours,

M. C. Nesheim
Director
