Dear Angel,

Having returned home from my trip to Capri I want once more to tell how good it was again to meet you. I found the seminar a very positive one. And I want especially to thank you and your family for the kind hospitality that you provided us during our visit to Pioppi on Saturday.

I wish you a very good continuation of the summer. I hope that one day you could pay a visit to Finland again.

With kind personal regards,

Yours sincerely,

Pekka Puska, prof.
Director of the North Karelia project
