Dear Margaret & Ansel:

I understood that you planned to leave Italy for Minneapolis shortly after our visit with you at your charming Villa in Pioppi. What a beautiful home you have made there.

It was a great privilege to have been invited to the conference at Capri and to have the additional treat of visiting your home. Congratulations on the success of the conference. I know it was a gratifying experience.

Thank you so much for your warm hospitality. It was a delightful day with you and your family that will always be remembered. I know now why you fell in love with Italy. I have too.

Cordially,

Helen Brown
