Dear Cam:

Thanks for your good note of 4 January. Jerry Stamler plans to send promptly his reaction to the new AHA Diet Statement. I think it definitely should include his comments. He will, after you, be the principal national defender of the AHA Statement. Next time, I hope we could have a strong member of our council on the Nutrition Committee responsible for the Statement, rather than taking belated pot shots at it as now.

Thanks,

Henry Blackburn, M.D.  
Professor and Director
