Dear Dr. Blackburn:

Several weeks ago we wrote you in reference to the enclosed editorial. You may readily appreciate that we are and have been interested in your reaction.

Not having heard from you, we would conclude that you would prefer to address the matter with "No Comment". On the other hand, if you do wish to address the issue, we would deeply appreciate an expression of your opinion on the developments as they relate to the discovery of new UGDP data and the analysis of whatever records have been available.

Sincerely,

Nathan Horwitz
Special News Editor

Dear Mr. H. : I guess,
"off the record"; I have
no confidence in the motives,
understanding or propriety
of your reporting on this
..... Sorry. N.H.
