Dear Dr. Blackburn:

We have placed your name on our preliminary witness list for the case against the National Commission on Egg Nutrition. As you will remember, we discussed your testifying in this matter during our earlier visit.

We anticipate that the hearings will be held sometime in January, 1975 and we will, of course, work them around your schedule. Either I or my colleague Stewart Block, Mark Heller or Lois Dimore will be contacting you in the next month to discuss your testimony.

We appreciate all of your help in this matter and if this schedule presents any problem with your personal commitments, please let us know.

Sincerely,

Lynne C. McCoy
