Dear Colleagues:

Our manuscripts were rejected by Circulation. It appears that it will take some years to bring journal reviews up to speed as it did to bring peer review up to speed on demonstrations. Never mind. I am discussing with Yankauer the possible interest of AJPH and, of course, if you agree, Ernst Wynder would very likely publish our material. I personally feel a strong need to have these basic descriptions in the literature. Call me if you have any ideas.

Cordially,

Henry Blackburn, M.D.
Professor and Director
