Dear Dr. Blackburn:

Thank you for your cooperation in providing a copy of your grant application no. R01 HL 25523 to Ms. Janet Herman, Director of the Dairy, Food and Nutrition Council of Minnesota.

The request for the documents reached us by way of Senator Boschwitz' office.

The request included copies of reviewers' summary statements, and these were provided with evaluations, policy matters, and opinions deleted.

For your use, I have enclosed a set of the summary statements as they were sent to Ms. Herman.

If I can answer any questions, I can be reached at (301) 496-9737.

Sincerely,

Nancy Thrasher Cherry
