CONSULTATION BY APPOINTMENT

4 August 1966

Dr. Ancel Keys
Laboratory of Physiological Hygiene
Stadium Gate 27
Minneapolis, Minnesota

Dear Ancel:

Many thanks for several things, including the very nice photographs at Minnelea and the additional letters in honor of my birthday which were sent back to you in Minnesota from Pioppi. We are completing the acknowledgments of practically all the telegrams and letters and we still marvel at the extent to which you notified our many mutual friends.

Sincerely yours,

PDW:fa
