Dr. Florence Avitabile
264 Beacon Street
Boston, Massachusetts

Dear Dr. Avitabile:

I am sorry that it has taken me so long to get this list of addresses to you. We cannot figure out two of the names on your list. We have a Dr. Demetrios Lekos (52 Patriarkhou Joakim, Athens, Greece) and that is the only name that resembles Lecos. As for Skovic (Belgrade) there is a possibility that it is Dr. B. S. Simic, Federal Institute of Public Health, Savska 35, Belgrade, Yugoslavia. I enclose a photocopy of his signature.

Sincerely,

(Miss) Carolyn Johnson
Secretary to Dr. Keys
