Dear Dr. Keys:

I have written to Dr. Paoletti of Milano about Miss Della Rovere. I think that she should have no trouble in finding good employment in Italy. I have other ideas but it seemed to me that she might prefer to be in Milano where salaries are higher than anywhere else in Italy.

We have also received the copy of your letter to Dr. Moret about the Council on Epidemiology. If all the other councils do as good a job as you did there should be no problem in having a solid program and budget for the ICF to support.

Kindest regards.

Sincerely yours,

Dr. Florence Avitabile
