Dr. Ancel Keys, Director  
Laboratory of Physiological Hygiene  
University of Minnesota  
Minneapolis 14, Minnesota

Dear Ancel:

Enclosed is a method of preparation of corn oil bread that one of the bakeries makes for us. Should you want a loaf I will arrange to get you one.

Have received your book and looked through parts of it. I am not sure what I think of Dr. Keys as a Psychiatrist to date from a superficial review of the chapter dealing with tensions and emotions. Why don't you leave the back door open in this area for awhile?

Let's get together soon.

Sincerely,

Ralph Rossen, M.D., Director
