PAUL DUDLEY WHITE, M.D.  
264 BEACON STREET  
BOSTON, MASS.

CONSULTATION BY APPOINTMENT

28 May 1963

Dr. Ancel Keys  
Laboratory of Physiological Hygiene  
Stadium Gate 27  
Minneapolis 14, Minnesota

Dear Ancel:

I have looked over your May 20 letter to Jean Lequime and I would think that the difficulty that Lequime brings up about liaison with the WHO would be cleared, at least in part, by asking Fejfar to come to Makarska. Perhaps he is planning to come anyway.

Should I ask Lequime to arrange a hotel room for myself at Makarska?

Sincerely yours,

Paul D. W.
