Susan Foote, JD
154 Russell Senate Office Building
Washington, DC 20510

Dear Dr. Foote:

It was a pleasure to hear you, after hearing about your activities for a long time from colleagues here. I would be interested in your ideas of how we might develop a process in which legislative staffs, NIH and the scientific and industrial communities might address topical issues together, as well as long-term planning, in more fruitful ways than now.

Cordially,

Henry Blackburn, MD
Mayo Professor of Public Health
