SCS Book
letters

Dear Henry,

Thank you for your book "On the trail of
heart attacks in seven countries".

Once more you have done a good job based
on your old memories, feelings and judge-
ments, insite of some minor omissions and
(Greek) misspelings.
Itis true so long time has elapsed since.

Congratulations ! for an interesting piece
of work.

With cordial wishes from us to you and
yours,

Truly yours,
