Dear Ancel:

Ina and I are looking forward to seeing you and we hope Margaret too in Japan next month, but we shall arrive late because we are coming by way of Iceland and Poland, where I shall be at festivities in Cracow at the time of the 600th anniversary of the University there on the 9th and 10th. We are due in Kyoto on the morning of the 12th and we'll stay there for a couple of days before we take off for Kyushu to go first to Kagashima and then to Kurume. I am enclosing an itinerary, which gives you further details of our travels in Japan.

We'll miss the first meeting of the International Research Committee, which I believe is scheduled for the 9th of May, but I hope that we may attend a rump session later on.

Sincerely yours,
