Dear Ancel:

I am enclosing a copy of a letter from Dr. Lamm of Budapest, about whom I have already written you as a prospect for one of your teams in Finland. Would you be good enough, in view of what he has written, to write to him directly and send me a copy of your letter?

Best wishes to you both from all of us.

Sincerely yours,

Paul

I keep advertising our JCF all over the country - in the last 2 weeks the annual heart drives have taken me to Chicago, Racine, Dallas, Vancouver, and New Orleans. We started off in Boston with a luncheon late in January and I've been in the air ever since. P.D.W.
