Dr. Paul Dudley White
264 Beacon Street
Boston, Mass.
U. S. A.

Dear Paul:

On Sept. 30 I am scheduled to talk for 30 - 40 minutes on "International Cooperation in Research on Coronary Artery Disease". The occasion is the 33rd Annual Symposium on Heart Disease of the Los Angeles County Heart Association, an event that draws 1000+ physicians.

It would be most useful if I could include in that talk a statement from you indicating your personal views and the interest of the International Foundation. Can you provide something for this purpose?

Such a statement -- to take from 2 to 10 minutes in presentation -- should reach me here before July 15 or should be sent to my U. of Minnesota office where I shall be from August 7 to the 16th. Thereafter I shall be in Prague, Finland and again in Italy until the Los Angeles meeting.

Of course if you happen to be in Los Angeles on Sept. 30 (my talk is 3:30 - 4:15 at the Statler Hilton), it would be excellent if you could say something in person.

All goes well here. Martha comes back from Switzerland in a week, Carl Chapman arrives in two weeks, we hope to start actual building at Minnelea before either of these arrivals!

Regards,
As ever

Ancel Keys, Chairman.
