MAY 27 1959

Dear Professor A.KEYS !

In September 1959 will be the sixteenth anniversary of the eminent Soviet cardiologist Alexandre Mjasnikov, Member of the Academy of Medical Sciences of USSR, Director of the Institute of Therapy, Clinical Professor of the First Medical Institute of Moscow.

At this reason the Academy will publish a special issue of papers, presented by the leading cardiologists of USSR and of foreign countries ( U.S.A., United Kingdom, France, Italy, Sweden, South America, Czéchosllovakia, etc.).

We invite You to take part and to send us a paper, concluding your latest works in the domain of cardiology. This paper must not exceed 8-10 type-written papers.

Recalling, that You have always taken an interest in the development of scientific contacts between our countries, we hope that You will kindly contribute to this publication.

We should be much obliged if You would send us your contribution in the next three months to the editor ( Moscow, Big Serpuchovskaja, 27, Institute of Therapy, Professor Speransky )

Sincerely Yours

*J. Speransky*
